CIRCLE THE DATE YOU WANT YOUR ORDER TO SHIP

You know your area's weather conditions better than we do, so just let us know the week you want your onion plants shipped by circling the date on the calendar to the left. If you are not sure when to plant, you may use the Zip Code Chart on the back of this order form to determine our recommended date for planting using the first 3 digits of your zip code.

There are approximately 5 dozen plants per bunch.
